Why Petromo?

Save Money & Time

Around \$3000 & 30 hours/month

Operators spend 1- 1.5 hours per day on reconciliation. Petromo can do the the same under 10 mins. Track shrinkage & eliminate runouts saving thousands of dollars

Pays for itself

Very low operating & initial cost

No dedicated PC needed. Petromo's small IoT device provides you one time savings along with recurring savings. Petromo comes with low subscription charges
